Cardio Strength and Stretch Lite! A lite version of the full body workout combining cardio, weights, BOSU and more!

***Chair Yoga:** A slow paced, gentle stretch that is accessible for everybody. Relax and find your way into a moving meditation that melts away stress and brings greater comfort to the body. Suitable for people with arthritis and those unable to get on the floor without assistance. *Virtual: needs a chair with no arms.*

***Gentle Yoga:** A gentle form of yoga that is slow-paced and thoughtful. Great for beginners or as a condensed restorative practice.

****Group Cycling/Cycle Express:** Experience a fun and exciting stationary bike ride for all levels of fitness. You will be coached and motivated through a simulated bicycling journey. If you are a beginner, you must arrive 10 minutes early for proper set-up. Heart rate monitors recommended!

*****H.I.I.T. (High Intensity Interval Training):** One of the best methods to boost resting metabolism rate and burn calories. This class uses intervals to elevate heart rate using both aerobic and anaerobic heart rate zones. Increase endurance and strength, it's a fast and furious workout!

****Sivananda Yoga:** This class offers a modified version of the classic Hatha yoga practice. It features a prescribed sequence of movements and postures, each followed by a brief period of rest (Savasana). This practice is accessible for all levels.

****Vinyasa Yoga:** Balance & flexibility is the focus of this class. Sequences of flowing poses link together breath & movement.

****WERQ** is the wildly addictive cardio dance class based on trending pop & hip hop music. This class is a nonstop cardio dance class with repetitive routines that are built to learn while doing & following the instructor's cues. All dance & fitness levels are welcome!

***Yin Yoga:** Slower & more meditative yoga, giving you space to turn inward & tune into both your mind & the physical sensations of your body. It targets your deep connective tissues, like your fascia, ligaments, joints, & bones

****Yoga/Pilates Hybrid:** Employs traditional & micro-movement exercises for gentle joint mobilization & core strengthening. Builds torso strength & increases flexibility through a series of gentle floor exercises. **NOTE:** We advise taking Beginning & Level I classes to establish an understanding of Pilates technique.

***Yoga:** This class uses breathing exercises, meditation and poses designed to encourage relaxation and reduce stress. Based on an ancient practice that brings together mind and body it incorporates a variety of the different styles, practices and disciplines of the teachings of Yoga.

****Zumba@:** A fusion of Latin & international music help create a dynamic, exciting, effective workout with fun aerobic/fitness interval training! So fun, you don't notice how high your heart rate can get!
